

## **All Star Awards honor businesses' accomplishments**

The annual All Star Awards were presented by the Richmond Human Resources Management Association and Workforce One, an initiative of the Greater Richmond Chamber of Commerce to address workplace issues.

The New Freedom Employment Initiative Award was presented to Educational Management Corporation (small business), Aramark (medium), and Ukrops (large). This All Star Award seeks to recognize businesses that are making proactive efforts and act as a role model for business excellence in hiring, accommodating, and serving persons with disabilities. Congratulations to these companies for the excellent work they are doing to further the employment of people with disabilities.
